"RHAPSODY in YELLOW"

The recipients will be women who are either single mothers struggling to provide for their children or have suffered domestic abuse and want to escape their "prison".

We want to help them become confident, self-sufficient providers of a "safe home" for themselves and their children.

Just \$5,000 can give one woman a year of education at Sheridan College, thereby providing the opportunity to provide for her family, a safe home, counselling and support for a fresh start.

Thank you, for anything you can do to help.

Together, WE CAN MAKE A BETTER WORLD
